PROFESSIONAL SUMMARY

Results-driven **Frontend Developer** with 2+ years of professional experience building scalable SaaS platforms and enterprise applications. Proficient in **Next.js**, **React.js**, and **TypeScript**, with a strong track record of delivering production-grade web applications across real estate, e-commerce, and media domains. Adept at leveraging modern state management and AI tooling to accelerate delivery, optimize performance, and maintain strict code quality.

EXPERIENCE

Software Developer

Lamda Logs (formerly Elixir Techne)

July 2024 – Present

Ahmedabad, Gujarat

- Spearheaded frontend architecture for core multi-tenant SaaS platforms (**Flipspaces**, **LamdaLogs**), utilizing Next.js, React.js, and TypeScript to streamline real estate operations and complex distributor workflows.
- Optimized rendering performance using the Next.js App Router and server-side data-fetching patterns, resulting in substantially faster page loads and improved SEO scores.
- Architected internal management dashboards and media applications (**BK Planner**, **BK One**), leveraging Redux.js for predictable global state management and real-time activity notifications.
- Accelerated development velocity and upheld strict code standards by enforcing TypeScript type safety and embedding AI Agents (GitHub Copilot) into daily engineering workflows.

Web Developer Intern

The One Web Technology

Jan 2024 – June 2024
